NEVADA STATE HEALTH DIVISION NEWS RELEASE

CORRECTION

Ambulatory Surgery Center Inspections

Carson City – As reported on Thursday, March 20, 2008, the Bureau of Licensure and Certification surveyors completed onsite inspections of all of the Ambulatory Surgery Centers throughout the state of Nevada.

Preliminary information provided to the Health Division erroneously indicated that the following facilities had minor deficiencies:

- Ambulatory Surgery Center of Nevada
4631 E. Charleston Blvd., Las Vegas, Nevada
- Flamingo Surgery Center
2565 East Flamingo Rd., Las Vegas, Nevada

The Flamingo Surgery Center did **not** have any deficiencies noted in the inspection report. The Ambulatory Surgery Center of Nevada had deficiencies noted that pertained to documentation procedures. These deficiencies were later downgraded from minor to “none.”

The State regrets any inconvenience this may have caused the two facilities and their clients.

For more information, please visit the Health Division’s website: <http://health.nv.gov>, or call State Health Division Public Information Officer Martha Framsted at (775) 684-4014.
